KNOW US

Oracle Group has been manufacturing food packaging since 2000 across PET, PP, PS and cornstarch-blend materials. We serve bakeries, HoReCa, sweet shops, fruit businesses, takeaway businesses and food brands across India and international markets.

Every product we make is designed to protect food properly, with leak-resistant, airtight and consistent performance from the first batch to the thousandth. Whether it's a hinge box or a multi-compartment tray, the standard doesn't change.

We built Oracle around one idea: packaging should be the last thing a food business has to worry about. That thinking goes into every certification, every batch check and every new range we develop. It's also why businesses that start with one product from us often come back to us for more of their packaging needs.

Trust

Service

Innovation

Scale

WHO WE ARE

TRUSTED FOR 25 YEARS

A legacy built on quality, innovation, and service.

SCALED FOR GROWTH

24,000 tonnes manufacturing capability, designed for reliability and expansion.

FOOD GRADE MATERIALS

Certified virgin PET, PP, and food-grade materials meeting stringent safety standards.

DESIGNED FOR PERFORMANCE

Leak-resistant, airtight, and stackable packaging developed for modern food service and retail environments with consistent performance.

CUSTOM & PRIVATE LABEL

Packaging developed around your brand, with options for custom dimensions, printed products and OEM partnerships.
